

WILLOWBANK RACEWAY MINIMUMS

Following a decision by IHRA Australia in July 2019 to reset a wide range of national records, Willowbank Raceway has adopted similar minimum ETs and speeds for its SuperComp and Comp Bike Eliminator track records. No changes have been made to records in other eliminators. The adjusted minimums are slower or equal to records as they were in June, 2019, but because Willowbank has always placed a high priority on recognising racer achievements, the records and names of all record-holding drivers and riders prior to July 2019 will remain in place until the adjusted class minimums listed below are bettered.

A number of the IHRA minimums have been altered to preserve long-standing WR records. Willowbank will review the effects of the changes.
